

# Instagram Checklist: Your Guide For Growth Success

Use this self-analysis questionnaire to help you identify where you are with your Instagram strategy, where you need to go for Instagram growth success, and if IG automation is right for you.

Do you want to do one or more of the following with Instagram?

- a. Build brand awareness
- b. Drive more product sales
- c. Improve customer support
- d. Collect/qualify leads
- e. Be #Instafamous

Do you or your team spend more than an hour responding to incoming messages on your Instagram business account?

Do you hate spending time answering the same five questions on IG messages?

Do you struggle to gain more Instagram followers?

Do you use IG Stories to get followers to send you messages but DREAD the incoming flood of messages you have to respond to?

Do you wish you could respond to more Post comments but simply don't have the time or team members to do so?

Do you wish you could more easily organize your real-time, human-driven messages?

**Did you answer yes to at least one of the nine questions above? Then Instagram automation is essential for you to improve your Instagram marketing strategy.**
